URGENT APPEAL

The Palestinian Human Rights Organization – PHRO Field Monitor in Naher El-Bared Camp reported that the number of the civilian victims (dead and wounded) are rapidly increasing and that the food and medical stuffs are in route to penetrate, and the Palestinian Refugees there are urgently calling and appealing to all the humanitarian bodies to intervene to put an end to the incident deterioration.

We at the Palestinian Human Rights Organization – PHRO appeals for the second time and calls upon the concerned Lebanese parties to:

1. Work on a cease-fire that urgently allows the humanitarian and relief organizations to access into Naher El-Bared Camp in order to rescue the victims, and to take the suitable steps to allow the entrance of relief and medical care aid and materials
2. Allow and not restrict the peaceful demonstrations of the Palestinian Refugees from women, youth and elderly people who could protest against this terrorist group until repelling it from the camp.

In case that such movements could not take place for matters of civilians' safety, thus and at least, allow them to leave and evacuate their homes and move to more secure places, especially that the destruction reached civilian buildings where the terrorists deliberate to shoot from the civilians residency neighborhoods.
